It is not possible in these days 2 keep prices to pre-war levels in such low pay. The scale proposed by the Simla Surgeon is moderate and is the one sanctioned for the Victoria Hospital.

The pay of the nurses and the menial servants will have also to be increased. The proposals of the Simla Surgeon do not admit of much retrenchment. The male ticket-writers pay may be fixed at Rs 15 instead of Rs 10. The pay of the Antipatemic attendant, the Jail Kuper and Hall peon may be viewed by reference to each. As the Laboratory is not in working order, there is no necessity for the present for the Assistant and Laboratory attendant. I beg to state that there are no funds for meeting additional charges. We have not enough money even for the existing standard of expenditure. I have explained the position in connexion with the proposal for giving a duty all'ce of Rs 150 to each of the medical officers in charge of the Krishnarajas, Victoria & Minto Hospitals. If the rates of pay given to some members of the Minto Hospital are low and require enhancement the only course open is to effect corresponding savings on some grant for a recurring charge now included in the Budget. If this course is not possible I am respectfully of opinion that new charges can not be sanctioned

Final Note by the Third Member of Council.

Subject:-

Revision of establishment of the Minto Ophthalmic Hospital.

---

38 When submitting proposals for the revision of the establishment of the Victoria Hospital in December 1918, the Senior Surgeon urged, in the interests of the efficiency of other important institutions in the Cities of Bangalore and Mysore and the Kolar Gold Fields, the desirability of revising the establishment of these latter on the same lines as that of the Victoria Hospital, and Government accorded their general approval to the proposal in June 1919. The Senior Surgeon accordingly submitted proposals for the revision of the establishment of the Minto Ophthalmic Hospital in March 1920 involving an additional expenditure of Rs.3,054/- per annum (according to the proposition statement as verified by the Comptroller).

Papers 2&3 A. office Notes

38. When the papers came up before me, I recorded the following minute:-

"The staff of the Minto Hospital is very much under-paid. The warders' pay ranges from Rs.7 to 9 a month. Three of the ward boys get a pay of Rs.7, 4 of Rs.8 and 1 of Rs.9. The female ward attendant's pay too is fixed on the same scale. It is not possible in these days of high prices to get servants on such low pay. The scale proposed by the Senior Surgeon is moderate and is the one sanctioned for the Victoria Hospital.

The pay of the nurses and other menial servants will have also to be increased. The proposals of the Senior Surgeon do not admit of much retrenchment. The male ticket-writer's pay ma[illegible]

(12

fixed at Rs.15/- instead of Rs.18/-. The pay of the outpatient attendant, the gate-keeper and hall-peon may be reduced by rupee one each. As the Laboratory is not in working order, there is no necessity just at present for the entertainment of a laboratory attendant. (See my notes of inspection dated the 19th April 1920.)"

40. The Financial Secretary, to whom the papers were next referred for opinion, stated that it was not possible to entertain proposals for any general revision of establishments and that increase of the pay of the lower staff formed part of the general problem of relief on account of high cost which was separately under the consideration of Government.

Page 5 of office

41 As the revision of the pay of the menial and nursing staff of the Minto Ophthalmic Hospital was urgently called for, for reasons stated above, I got the Senior Surgeon's proposals revised in the light of my suggestions, thereby reducing the total cost from Rs.3,054/- to Rs.2,922/- per annum. With the approval of the Dewan, the proposals were considered in Council at its meeting held on the 1st July 1920 and the following resolution was passed:-

Page 6 of -do-

"The proposals (as revised by the Third Member of Council) may be approved.

In granting the general increases to all subordinate establishments, the circumstance of recent substantial revisions as in this case may be taken into account in fixing the extent of increase to be allowed to such establishments."

42. The above resolution having been forwarded to the Financial Secretary for concurrence or remarks, that officer stated that there were no funds for meeting additional charges in the current year and that if the rates of pay given to the staff of the Minto Hospital were low and required enhancement, the only course open was to effect corresponding savings on some grant for a recurring charge already included in the budget.

Page 7 of -do-

13

43. The Senior Surgeon was thereupon asked to state whether he could effect any re-appropriation as suggested by the Financial Secretary and he stated in reply that the additional charge during the current year might be met out of the provision made for 30 passed Sub Assistant Surgeons in the current year's budget, as only 10 such men were expected to be entertained this year.

44 In the meanwhile, the Superintendent of the Hospital brought to my notice that as the neighbouring institution viz., the Victoria Hospital, provided higher grades of pay, it was extremely difficult for him to get ward servants and urged the desirability of sanctioning the revision proposals early, as the increasing number of in-door patients demanded a larger establishment.

45. In the above circumstances, His Highness' gracious approval is solicited to the Senior Surgeon's proposals for the revision of establishment of the Minto Ophthalmic Hospital as modified by me and approved by the Council.

From

Rajakarya Pravina

Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M.,

Senior Surgeon with the Government

H. H. the Maharaja of Mysore, Bangalore.

To

The Chief Secretary to the Government of

H. H. the Maharaja of Mysore,

Bangalore.

Sir,

A Referring to paragraph 3 of G. O. No.G.28009-10-Med. 44-18-30, dated 16th June 1919, I have the honor to forward herewith a proposition statement for the revision of the establishment of the Minto Ophthalmic Hospital, Bangalore, for favor of sanction.

The Minto Ophthalmic Hospital stands next to the Victoria and the Krishnarajendra Hospitals in importance, judging by the number of beds available and the work done. The increase of pay sanctioned to the establishment of the Victoria Hospital in the G. O. referred to above has naturally given rise to an expectation of a similar treatment in the minds of the staff, particularly the menial staff, of this institution which is situated in close proximity to the Victoria Hospital. The rates of pay proposed for the several menials are based on those sanctioned for corresponding menials on the staff of the Victoria Hospital.

It is proposed to designate the present Steward as Steward and Head Clerk and to fix his pay at Rs.40-4-60 so as to bring that appointment to a step suitably below that of the Steward of the Krishnarajendra Hospital. The work of the office and of the accounts of the rations and other matters is found too much for one hand and as the arrangement of employing the Compounder

on clerical work is not satisfactory, it is proposed to appoint a doing away with the clerical allowance of the compounder, a clerk on Rs.25-1-30. An additional female Toti, an additional lascar and two more Dhonies are considered necessary in the interests of the conservancy and sanitation of the institution. A laboratory attendant being required is also added, as the service of a hand to help the officer in the refraction room and laboratg are necessary.

The net increase in cost amounts to Rs.248 per mensem or Rs.2976 per annum and may kindly be sanctioned, as thm it is not possible to reduce the scale of pay in any case considering the increase of work and the increase in the cost of living.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

SIR,

As desired in your letter No.G.23288/Med.105-19-2 dated 10th April 1920, I have the honor to return herewith duly verified the Proposition Statement in duplicate relating to the Minto Opthalmic Hospital.

The proposition involves an addition of Rs3,054 per annum to permanent recurring expenditure. Progressive rates of pay have been proposed in contravention of standing orders.

As there is no margin for any further expenditure under the group "Protection and Army", the details of certificate required under article 316 Mysore Account Code have not been furnished.

Dear Sir,

Regarding the revision of establishment of the Minto Ophthalmic Hospital, I request you to kindly expedite early sanction of the same. The neighbouring institution, viz the Victoria Hospital has got higher grades of pay and I find it very difficult to get Ward Servants, especially men. The increasing no of Indoor-patients demands larger establishment - and as such I request you to kindly take a personal interest in this Institution.

Dear Mr.Srinivasacharya,

Your letter of the 6th instant regarding the proposed revision of ~~the~~ - establishment of the Minto Ophthalmic Hospi-tal.

There will be no difficulty in sanctioning the proposal if the extra expen-diture involved can be met by a suitable readjustment of the existing budget allot-ments for the Medical Department and no additional grant is asked for. The Senior Surgeon is being addressed in the matter and I would suggest your speaking to him about it.

Yours sincerely,

Bangalore, 10th July 1920.

Dear Sir,

I have seen your D. O. letter dated 8th July 1920 to the Superintendent of the Minto Ophthalmic Hospital, intimating that Government will be prepared to sanction the revision of the establishment of the Minto Ophthalmic Hospital the extra expenditure involved could be met by a readjust of the sanctioned grants.

12 JUL 1920

Under 21. Medical, 2. Hospitals and Dispens (vii) District Hospitals, (vide page 111 of the draft Bu Estimates), there is provision for 30 Passed Sub Assistan geons at Rs. 30/- each. It is not likely that we shall hav than 10 Passed Medical Pupils as such, after absorbing suc candidates as may secure a pass this year, in existing vaca cies in the sanctioned cadre of Sub Assistant Surgeons.

The provision for 20 Passed Sub Assistant Surgeo or Rs. 600/- per mensem or Rs. 7,200 may be expected to be save from this source. To this may be added the provision at Rs. 100 a month or Rs. 1,200/- made under 1. Superintendence, allowance to Personal Assistant. From the total savings of Rs. 8,400/- I propose to meet the extra cost involved in the revision of the establishment of the Minto Ophthalmic Hospital as well as that of my office.

I shall feel obliged if final orders could be passed early in both cases on the information herein given, without any further official reference to or reply from this office on the question of funds.

Yours sincerely,
